

LIFESAVING SOCIETY

The Lifeguarding Experts

DATE: May 4, 2018
TO: Our ACTAR customers
FROM: Brian Miess, Merchandise Director
RE: ACTAR, ACTAR D-Fib, ACTAR AED Trainer

The manufacturer of ACTAR has informed the Society that they are retiring the ACTAR product line effective immediately.

This is disappointing news. The Lifesaving Society was a participant in the creation of ACTAR 30 years ago and has carried ACTAR products ever since. We continue to believe in a low-cost product that supports the teaching and learning of resuscitation skills. We are pursuing options in this regard and we will keep you updated.

In the meantime, we will serve our customers with ACTAR products as long as we can. The manufacturer says they will supply us with stock until they run out. We expect to run out of product sometime in 2018.

We will continue to serve you to the best of our ability:

- Our online store www.lifeguarddepot.com will display ACTAR products that we have in stock. ACTAR products that show “Out of Stock” indicates that we are unsure whether more product might be available. Items that are no longer available will not appear.
- To inquire about stock, contact Ateeq on the order desk by email at orders@lifeguarding.com or by phone at 416-490-8844.

As an alternative to ACTAR products, I encourage you to check out our **PRESTAN** line at <http://www.lifeguarddepot.com/en/prestan-cpr-aed-training->

If you are unsure how to proceed or have questions, please contact Renata or me at 416-490-8844 or by email Renataj@lifeguarding.com or Brianm@lifeguarding.com.
